

Become a Virtual Mentor for Women Entrepreneurs and Change Lives (We Have Proof it Works!)

Project Title	Become a Virtual Mentor for Women Entrepreneurs and Change Lives (We Have Proof it Works!)
Project Summary	Mentor our extremely active WhatsApp group for women entrepreneurs, developing online seminars, participating in SKYPE discussions and more. Become a leader in helping highly ambitious women succeed!
Country	Niger

Project Description

The Niamey Women's Entrepreneurs WhatsApp group has become a highly interactive network in a country where women need significant support. With few resources and barriers to education, financing and more, women struggle to succeed. This virtual network has become their lifeline. As a mentor, you will prompt discussions and help organize special sessions with successful entrepreneurs who can offer valuable advice. Our "graduating" mentor this past year helped us start up the group and had many great experiences --she has proven that you can make an impact! We want to keep the positive energy going strong!

Required Skills or Interests

Skill(s)

Social media management

Storytelling/blogging/vlogging

Additional Information

This is an opportunity to make a difference, develop a strong network, and build lasting virtual relationships. We want your energy, creativity, and excellent social media skills. French is necessary, especially an ability to understand French "texting" terms.

Language Requirements

Language	Speaking Proficiency	Reading Proficiency	Importance
French	Full professional proficiency	Native or bilingual proficiency	Required
